Mutual trust and client/contractor confidence are fundamental to our business. They take a long time to build up and can be lost very quickly. Everyone in the business, irrespective of level, has a responsibility to behave and carry out business in the right way.

Our corporate values are here to underpin these behaviours and enable us to remain:

- Open to different ideas and cultures;
- Connected to our clients, community and each other.

Commitment

We conduct our business in a manner that respects the human rights and dignity of all people.

Our Human Rights Policy is guided by internationally-recognised human rights, as set out in the International Bill of Human Rights and the International Labour Organization’s Declaration on Fundamental Principles and Rights at Work.

This policy applies to our whole business and all employees within our business. We expect our clients, suppliers and partners to uphold our values and adopt similar Human Right Policies within their business or agree to adopt ours.
